

COUNTRY: FARMHOUSE LANDSCAPE DESIGN

Rust

Blanched Almond

Soft Sky

White Diamond

Warm and lovely days, lemonade, and picket fences are reminiscent of the country farmhouse. In the evenings, while you sip spirits on the lightly lit porch, you might hear the soft neigh of a horse. If you listen carefully, you just might hear John Walton call out, "Good night, John-Boy." For more garden design ideas, visit: www.landscapingnetwork.com/garden-styles
